

TOUR NAME: Oribi Gorge

TOUR NUMBER: 17

DURATION: 8 Hours

TOUR DESCRIPTION:

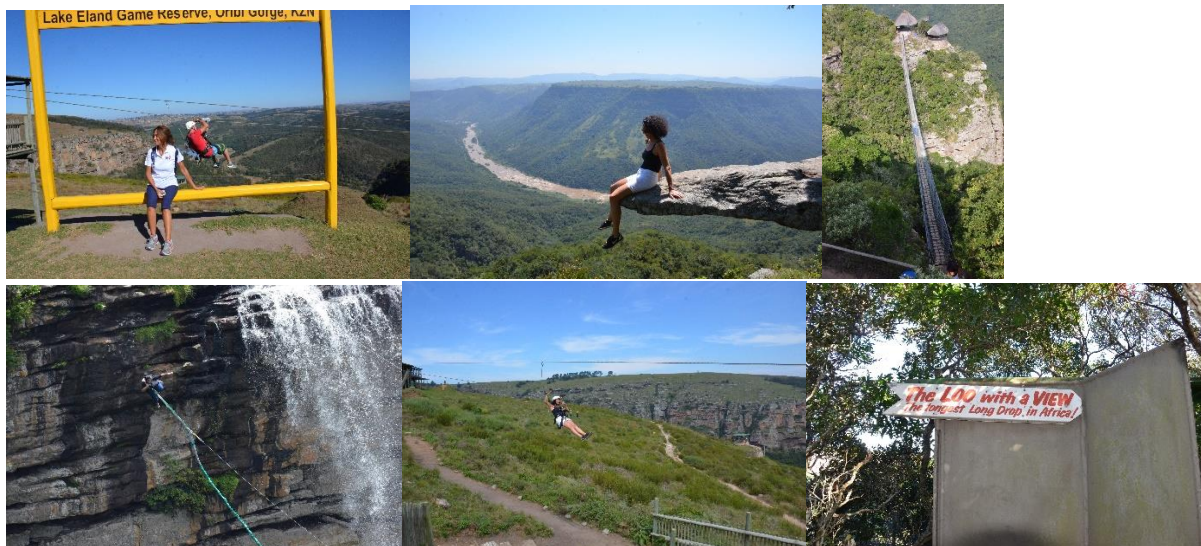

The tour starts from Durban heading 100 km down the south coast of KwaZulu-Natal to **Oribi Gorge Reserve and Lake Eland**. Oribi Gorge has become famous for its thrilling adventure attractions that lure national and international tourists looking for a thrilling adventure in an amazing natural setting.

In Oribi our first attraction is **Leopard's Rock**. Perched on the top of a rocky incline, Leopard's Rock offers spectacular views of the **Mzimkhulu river** that runs through the gorge.

From there we move to the thrilling **'Wild Swing or Slide'**. Ranked as the highest swing in the world with a fall that equals a jump off a 50-floors building. Operated by Wild 5 Adventures, their adrenalin pumping swing jump can reach a speed of 100 km on the fall, the Swing has turned into one of **South Africa's most popular "Swing" adventure activities**. This activity is at your own expense.

For those tourists looking for something less intense, the **Zip Line** is perfect for enjoying the gorge from high. Located 165m above the tree line, enjoy the spectacular view whilst sitting comfortable harnessed to the zip line.

The tour includes a visit to **the longest suspended foot bridge** in the South Africa. At 84m long, 2m wide and 100m high, the suspension bridge is an exhilarating walk for tourists offering beautiful views of Lehr's Waterfall and Oribi Gorge.
